Week 4

Medium

Advanced Security Course

Presented by Acme

Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks. It's also known as information technology security or electronic information security.

```
datasource db {
  url      = env("DATABASE_URL")
  provider = "postgresql"
}

generator client {
  provider = "prisma-client-js"
}

model User {
  id        Int      @id @default(autoincrement())
  createdAt DateTime @default(now())
  email     String   @unique
  name      String?
  role      Role     @default(USER)
  posts     Post[]
}

model Post {
  id        Int      @id @default(autoincrement())
  createdAt DateTime @default(now())
  updatedAt DateTime @updatedAt
  published Boolean  @default(false)
```

Martin Gray

10:25 PM, Nov 10

This works for every browser:

window.location.href = 'your_url';

Floyd Miles

9:45 AM, Nov 09

Waiting for releasing this as a public version! This looks really exciting!

Darlene Robertson

8:31 AM, Nov 09

Should just be able to set using window.location.
